

PAUL REALE

*Climate Change Project*

Mr. Reale is a presenter for the Climate Change Project which was started by Al Gore to spread the message from "An Inconvenient Truth." Volunteers in the UK, Australia, the United States, India, Spain and Canada show Gore's presentation to promote global awareness of the climate crisis and the urgent need to create solutions.

TIM WILSON

*Hunter College Operations Coordinator*

Mr. Tim Wilson is Hunter's Operations Coordinator, working in the Office of the Vice President for Finance & Administration. He is also a recent graduate of Hunter's Master's program in Urban Planning. He maintains Hunter's sustainability website and coordinates the school's efforts at reducing its carbon footprint.

*Introductions*

5:10 pm – 6:00 pm:

*Panel Discussion*

S.E.A. Co-Presidents will moderate the panelists in a dialogue assessing:

- ~The current state of our nation's environmental policy
- ~What America is doing well
- ~What issues America needs to address
- ~How individuals and communities can conserve
- ~Why it is important for individuals to participate in conservation initiatives

6:00 pm – 6:15 pm:

*Intermission*

Concessions available

6:15 pm – 6:45 pm

*Question and Answer*

Audience will have an opportunity to ask the panelists questions

6:45 pm – 7:00 pm:

*Conclusion*

S.E.A. club members will discuss conservation efforts being undertaken at HCHS

**PANELISTS:**

DANIEL GARODNICK

*New York City Council Member for the 4<sup>th</sup> District*

Councilman Garodnick has been on the City Council since 2005, and during his tenure has worked to increase funding for public schools and has been pivotal in the push for more affordable housing and “smarter” redevelopment along the East River.

STEPHEN GOULD

*Environmental Protection Agency*

Mr. Gould works in the Source Water Protection branch of the EPA, which prevents contamination of drinking water. He leads the New York/New Jersey regional office and helps state and public health agencies administer drinking water protection programs.

PETER MANDELSTAM

*Founder & President, Bluewater Wind Company*

Mr. Mandelstam has worked for New York City managing affordable housing construction projects and served as the director at the Solar Technology Institute, a non-profit organization which works in conjunction with other organizations to increase the availability of solar energy in developing countries. He is currently the president of Bluewater Wind, a company building offshore wind farms to provide clean energy to the Northeastern United States.
